WHAT IS THE NETWORK OF THE ALTERNATIVE LODGING IN LEBANON?

The network of the alternative lodging in Lebanon counts more than 110 lodges all around Lebanon. We have created a big network regrouping most of the alternative lodgings in Lebanon. By alternative lodging, we understand any structure such as convents, centers, schools and inns... having a capacity of room reception, in dormitory or even in camp-site. With this network, we suggest a cheaper alternative to the hotel reservation system and offers charming lodgings to help individuals, families and groups to discover Lebanon at reasonable prices. Rates can vary between 5 USD and 30 USD per night with breakfast. The lodgings are located all around Lebanon and are related and owned by different types of congregations, institutions, groups...

BASIC GUIDELINES FOR YOUR RESERVATIONS

Lebanon Roots position itself as a reservation booth helping individuals and tour operators to easily book accommodations at the same rates than a direct booking at the lodge.
